KG-2 EXCITING GRADUATION

First things first, we decided what will be the theme for the commencement exercise, and we came up with a very glamorous idea that best suit for kids, the Disney theme wherein it focuses on Frozen, the most popular story for kids now a days.

Kids are as excited as their teachers that they are very eager to learn their sing and dance performance which is also based on Disney songs. Tasks are being distributed to every teacher to start the preparation.

The preparation isn't that easy because it emotionally and physically tiring but it is fulfilling after seeing how wonderful the result is. Everything is all set, everything is ready and the spotlight is on.

Parents are one of the most proud of this moment, they will be seeing their sons and daughter as the march towards their dreams. One of the most exciting momentum for a dreamer has arrived.

The day they have been waiting for to reap everything they saw for almost 2 years on the happiest stage of education, the kindergarten.

Hooray! It's graduation day, not a mark of an end, but start of a new beginning for a better future for the little dreamers.

It's a fabulous day for everyone, especially for the kids. They will be going home with their hearts filled with so much joy, and they are now ready to take their another ladder of the journey, greater challenges may come their way, but with guidance and all the things they have learned, they will say, I can and I will be able to achieve anything!

KEN-KEN COMPETITION RESULTS

crucial skills like logical reasoning.

- Back in the classroom, it develops problem solving, reasoning and communication.
- Expose your child to a global platform where he/she interacts with peers from different schools and countries.
- It instills a sense of determination, confidence and resilience.
- Above all, KenKen is a fun way to do Math!

All the students from same category solve

same puzzles at the emirates and national level. For school level exams are different at each school.

From our school 10 students from all grades.

Grade4 Omar Mohammed, Sidharth, Moaz Mohammed, Muzammil

Grade 6-Mira,, Baraa, Yazaan, Shaady

Grade 7-Sara Shady

Grade8-Khalid Mohammed

They were enthusiastically participated in Ken Ken test.

The term originates from the Japanese word meaning cleverness. KenKen puzzle was created by a Japanese math teacher Tetsuya Miyamoto, who aimed to develop an instruction- free training method for the brain, in the form of a simple puzzle. KenKen trains the mind to think on its feet.

Ken Ken is a math grid-based puzzle that uses all 4 numerical operatives, namely addition, subtraction, multiplication and division. One can alter the size of the grid between 3×3 and 9×9 and create infinite number of puzzles with varied levels of difficulty. It is a unique combination of number dexterity and combinatory skills while applying logical reasoning to arrive at a solution.

SPELLING BEE EMIRATES LEVEL

"Picture of the Spelling Bee Winners with the Principal (Ms. Rahma)"

APRIL 14, 2018-

Sheikh Khalifa Bin Zayed Pakistani School hosted this year's national level of the Royal Spelling bee. Approximately, 20 schools all over Abu Dhabi participated in the competition. IJPS Spellers were able to bag and bring home awards this year.

The event started early morning on Saturday with around 500 students participating from different schools in Abu Dhabi. IJPS is represented by 16 students from different categories (KG, G-1, G-2, G-3, G-5, G-6 and G-7.) The competition started with the written and dictation round. Students were asked to write down dictated words and spot the misspelled words from a group of words.

check the results and eliminate the students who are not qualified. Third level is the oral round. In this level, qualifying students are asked to spell words orally and give its synonyms or antonyms.

Fortunately, six students from IJPS managed to bring home awards in the competition. Lucas Caleb Suelto (G2A) secured 6th Place and will represent Abu Dhabi in the National Competition in May 2018.

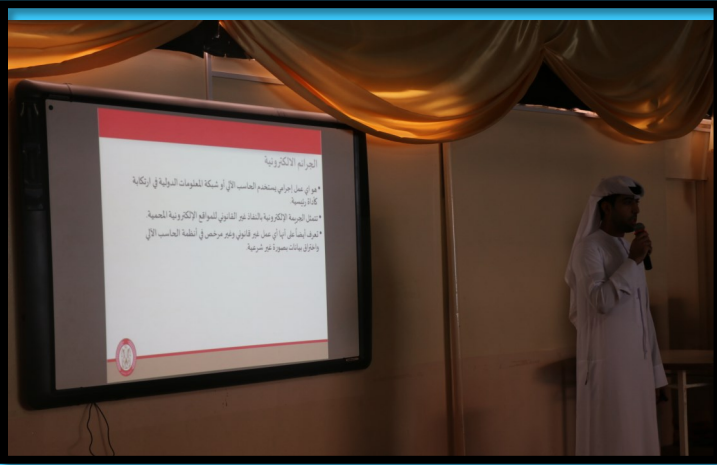

Zach Sebastian (KG2C) – 6th Place, Jenar (KG1-C) - 5th Place, Irvine Paulo (KG2E)- 4th Place, Lara Cortez- (KG2-E) 2nd Place and Ali Radwan (KG2-E) 1st Place, KG students from IJPS bagged almost all awards in the Junior Level of the Spelling Bee.

All the winners were also recognized and awarded in the school's morning assembly on Sunday.

AD POLICE VISITS IJPS TO SPREAD AWARENESS ON CYBER SAFETY

The speakers also discussed about being observant and vigilant when searching on the internet and speaking to strangers on the web. They emphasized on dangerous situations that may arise when minors use technology without taking necessary measures.

23rd and 25th April 2018,

IJPS Activity Room- Members of the Abu Dhabi Police Department visited IJPS in pursuit of spreading awareness on Cyber Crimes and Cyberbullying.

This workshop aims to inform the students on how to be safe when using social media platforms and other similar activities on the World Wide Web. The speakers, Mr. Bader Saif and Capt. Sultan Al Hattali also talked about Cyberbullying and its effects on a person's attitudes and self-esteem.

The workshops will continue on May 2018 with another batch of students to spread awareness on the same issue.

IJPS JOINS ARABIC READING CHALLENGE

By: Sara Shadi

12th of April, 2018-

IJPS Library, students of IJPS participated in the yearly Arabic Reading Challenge. Led by Miss, Dalia Ali (Vice Principal) and Miss Hana (Librarian), they asked students from different grade levels some questions regarding the 50 books required in the competition.

Reading is probably one of the most beneficial and feasible activities that a person can do. Through reading, a person is going to be able to discover new ideas, concepts, places, and people. Some people even describe reading as a journey that starts as the opening of a page, and finishes as the last page is turned. The reason why reading is so important is because reading is relaxing to our mind; it is a way for children to reach out to the world, and improve our thinking process.

The Arabic reading challenge is one of the things that we can train our minds with. This challenge has its complexities but fun. All you have to do to enter this challenge is to read fifty Arabic books then summarize them all. It seems complicated at first but then you re-

alize that it is fun. A very good advice I can give is that, if you take this challenge as a task you need to do or you are forced to do, then it will be complicated but, if you take it as something you are willing to do or a passion, you will find this experience a very pleasant experience and an entertaining one too.

I was one of the 6 students qualified in this competition. I was nervous, I am not going to lie but, I had fun. I entered the room and there were two men waiting for me, I sat down and I gave them the books that I summarized; All of the fifty books. They asked me my name and why I participated in this competition. Then, they told me the name of the book and I have to tell them the summary. They were giving us marks based on our language, confidence, and how well we memorized the books.

I was the only one who got qualified for the Emirates level from my school. I went to the semi-final round that was held on June 9, 2018 in Dubai, Scientific Research School. I was nervous and excited at the same time, but mostly I was proud to represent my school in this competition. I am also proud of myself because I read fifty books and summarized them all, so I think that was enough to present myself and present my school.

ARABIC WEEK CELEBRATED IN IJPS

April, 2018-

In celebration of the Arabic Week, IJPS celebrates this week with fun and exciting activities to commemorate the importance of this country's language. Arabic is the official language of United Arab Emirates, in which attention is given to elevate its role as it represents the national identity.

Arabic Week at IJPS underpins the Abu Dhabi's government vision of supporting the role of the Arabic language and national identity. This year, Arabic week included various activities that aimed to support the Arabic language skills of students and raise their interests in the language both for native speakers and non-Arabic speaking students.

Many activities have been held during the events such as competitions in the grammatical structure of the language, Arabic drama about the importance of the language, poetry of famous poets in Arab literature and so on.

Students were excited and responsible to-

present their maximum efforts for their colleagues to raise the awareness of the Arabic language in the UAE community and worldwide.
