Adjusting To The New Normal

By: Maria Shara Almonte G4-B

COVID-19 is the reason we are now doing distance learning. We are staying home to be safe from this pandemic. So let us take a look at what is in a student's mind and what has changed in a student's life.

One of the greatest changes in my own life during this pandemic is everyone I know is being slightly more worried about getting sick, even if it is only really a cough. We are more aware about washing our hands, wearing masks and gloves whenever we are outside or even the mere thought of going outside is treated with caution.

Another aspect of my life that drastically changed is Distance Learning. It is quite different from the normal school in many ways. For instance, distance learning is shorter than our ordinary school, however, we still have the same amount of activities than before. I honestly don't have that much of a problem with distance learning. I think it is quite cool that there is an app that lets me meet up with my friends and teachers despite the challenges we are facing now, but not everyone thinks this way.

As of today, I am adjusting well with the "new normal." We all have to adapt to survive and this is my way of accepting the changes because I know that this will teach me to be resilient and strong for whatever is coming ahead! You should too! Stay Home and Stay Safe!

Alsalam alikum.

As the school year comes to an end, I would like to extend my sincere thanks and appreciation to all IJPS team from management, teachers and all staff.

My kids Zeina and Essam Alsayed (G3A, G2A) have been in your school for two years now mashallah. And the reason I entrusted my kids to you was because I knew and saw the care you give and the way you provide the education. I am happy with the teachers of my kids because this is reflected on my kids and their knowledge.

I would like to say thank you to teacher Janine G2A for her patience, amazing character and love to the kids. Both my kids were in her class last year and this year. She is cooperative, helpful and her way makes sure the kids understand the message of the lessons.

I hope this email finds you well.

I am the mother of your student, Jeremy Clarence Gonzaga - Grade 2-A from Teacher Janine's class. I am writing this email as an appreciation to all the teachers who are very supportive and helpful to continue educate our kids via E-learning during this pandemic situation. Teacher Janine's and Teacher Naeel's great effort during live sessions with Jeremy and with his classmates is highly appreciated.

Thank you teachers and to the whole IJPS team for your hard work despite juggling with stress and pressure of the situation right now. You have made a great difference for our children. We as parents of Jeremy are truly grateful to all of you.

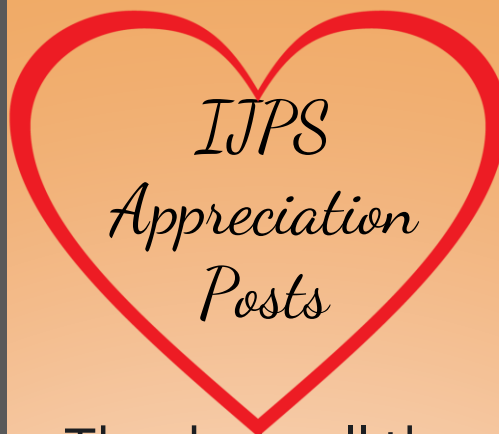

Stay safe and healthy.

With Sincerest Appreciation,
Rechelle Gonzaga

In behalf of my family, I would like to express our gratitude on your great effort through remote teaching.

The past months have been difficult for our family, and all of you have been a stable and supportive part of our son's life through this time. Thank you from the bottom of our hearts.

I would like to mention Teacher Allysa for doing extraordinary things as we didn't want a teacher who simply educates our child. We wanted someone who cares for our child. By helping our son develop his social skills and feel confident in your classroom and online, she have been exactly what we are looking for. We couldn't be more thankful that we have had her in our lives.

Thanks to all the
parents for the
support you give to
the IJPS Family.

Your words make all
our efforts and hard
work worthwhile
and the driving
force that continues
motivate us. Only
together we can
succeed.

Thank you

الشكر الجزيل لجميع أولياء

أسرة مدرسة اليوبيل الرائعة
أشكركم جميعاً على هذا المجهود الذي تبذلونه كل يوم ، أشعر
بخليّة نحل تعمل طول الوقت عندما أرى بناتي و هم يدرسون
دروسهم
أشعر بالسعادة عندما أراهم يعتمدون على أنفسهم وعندما
يخبروني أنهم يعلمون نظام الحصّة ، أشعر بالفخر عندما أراهم
مرتبطين بحبهم للمدرسة و متحمسين كل يوم لإنجاز مهامهم
قبل هذه الأزمة كنت دائماً أجد التعاون من الإدارة و جميع
المعلمات، حقاً لم أسمع عن إدارة مدرسة بهذا القدر من
التعاون و الاهتمام بالطلاب حيث كنت أرى في كل المواقف
حرص مستر شادي و مس سلافة على الطلاب أولاً ، كنت أرى
في كل المواقف حضور مس هبة الأخصائية وكيف أن جميع
الطلاب مرتبطون بوجودها ، في كل المواقف كنت أرى التعامل
الطيب من المعلمات للطلاب
بعد هذه الأزمة تأكدت أن بناتي في المكان الصحيح و زادت
ثقتي في مدرسة اليوبيل، هذا النظام الرائع الموحد لكل
المراحل ، هذا التواصل اليومي بين الطلاب والمعلمات، هذا
الإنجاز وهذا النظام ليس سهلاً أن يقوم به أي أحد
